The Dimmer View

by MAX GOODWIN

It isn't easy to leave the subject of taxes alone. This is fitting because we pay more for taxes than we do for all the rest of our basic expenses of living put together.

In an article by R. H. "Hoot" Gibson, editor of the Mid-County (Pardeeville, Wisconsin) Times, the weekly paycheck tax is given a rare-to-medium look.

He uncorks his opinion on the bigger tax bite which is taken from your pay envelope for the security called Social.

"Wage-earners," he says in his "Round the Village" column, "had another few cents taken . . . This amounts to 2½%. A man who makes $75 a week has $1.88 of his pay set aside for his "rocking chair" days.

"A fellow lucky enough to rake in 100 bucks a week forks over $2.50 each week for his old age, or a neat little pile amounting to $130 annually.

"We've no fault to find with social security . . . it's wonderful, if you can stick around long enough to collect it.

"We do have a fault to find with it, and the administration of other numerous governmental rules and regulations which see the full responsibility for collection of taxes and security thrust upon the already stooped shoulders of the employers. As if it weren't hard enough to make an honest buck these days, the employer also has to keep books for his man, pay them when they don't work (unemployment compensation) pay them when they're sick, (hospitalization insurance) figure out how much they owe in taxes and see that it gets paid, plan their future security . . . all of which, in our opinion, means the working man is living in a veritable bed of sweet smelling roses and doesn't know how well off he is.

"To pick up a few pointers on how the other half lives, he ought to try going into business for himself.

"That's it, brother!"

If brother Gibson thinks that is a tough one, he would really flip his lid over one we had to deal with last week. One of this newspaper's employes had failed to pay his state income taxes for a couple of years starting in 1948. It amonted to more than the employe earns each week.

The State of California Franchise Tax Board sent us an order to withhold for them, the amount they claimed due and owing. Then they made us a partner to the eleven-year-old obligation by warning: "Failure to withhold and transmit . . . make you liable for such amount."

How do you like them apples?

Ten Automobile Thefts Brings Sheriff's Warning

A warning was issued this week by the Sheriff's office that stolen autos in the Lemon Grove area are being reported in increasing numbers.

Sheriff's Department Investigator Don Bryan said 10 autos had been reported stolen so far this month. The average last year was one a month.

Bryan said unlocked ignitions were involved in all of the 10 thefts. Buick and Chevrolet models, permitting keys to be taken out without locking the ignition contributed to a large percentage of the stolen autos, he added.

Loss Small In Four Fire Alarms

Fire, resulting from an electrical short-circuit, was responsible for $290 damage in the bedroom of the home of M. E. Sawyer, 7515 Zemco, Wednesday of last week.

On the same day the Lemon Grove Fire Department, under Captain Harry Alexander, responded to a call at Broadway and Buena Vista to wash down gas and oil resulting from an accident at that intersection.

Later the department responded to an alarm at 2311 Loma drive where an overheated oven burned the resident's steaks being prepared for dinner.

Friday, the department put out a grass fire at 2701 McKnight street on a piece of property owned by Dr. W. C. Brown.

3 In Water Board Race

The names of three candidates will appear on the ballots of the Helix Irrigation District election Tuesday when Lemon Grove residents decide who they want to represent them on the district's board of directors.

The three are Harry Griffen, the incumbent who is being opposed by Lamont Brand, a retired Civil Service employe who lives at 1565 69th street, and Jesse E. Lee, a retired naval captain who lives at 1660 Taft street.

Three precincts have been established for Lemon Grove voters. Polling places are at three local schools. These are the Vista La Mesa and Monterey Heights schools, and the junior high school at Lincoln and School Lane. Polls will be open from 7 a.m. to 7 p.m.

Lemon Grove, Division Three, is one of five Helix divisions. An election will be held in District One the same day.

INCUMBENT — Harry Griffen, Helix Irrigation District, Division Three, incumbent since 1951, initiated employment of a business manager for the district and established a public relations department. He also encouraged use of leased automotive equipment, releasing more money for other uses in the district and fostered administration unity to replace departments working independently. He lives at 8305 Alton drive with his wife, Margaret, and their three children, and is vice-president of the Mt. Helix Associates, Inc., which deals in real estate escrows, insurance, management and property holding. Griffen is also a contractor and owns and operates the Hillside Ranch which grows and packs celery.

In the Fletcher Hills, Grossmont and West El Cajon division, Division One, two candidates have filed for the position being vacated by board member George Fisher. These are Mabel P. Bryan, a housewife of 9352 De Camp drive, La Mesa, and James Curto, a realtor of 723 Carlow way, Fletcher Hills. Lemon Grove residents will not vote for these candidates. however.

Nearly 17,500 sample ballots were mailed to voters of Districts One and Three last week, according to Margaret Penry, Helix board secretary.

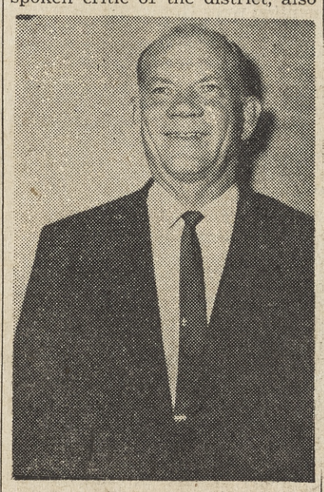

The last election held in Lemon Grove for board members was on February 2, 1955, and resulted in the incumbent, Griffen, being returned to the board by a three vote margin. Robert Von Willer, a plastering contractor, racked up 291 votes against 294 for Griffen. Roy Nielsen, an outspoken critic of the district, also ran and chalked up 86 votes.

If the same number of voters turn out this year as they did in 1955, it is possible that as few as 225 votes could elect the candidate.

The successful candidate will be required to devote at least one full day a week to board meetings. These are held on Tuesday. There are also meetings with other districts and various water authority groups to which board members are obligated to go.

Board members are paid an amount not to exceed $20 a day for each day they work. This applies to board meetings and to other duties expressly required by board order. Board members may also recover expenses incurred in performing these duties after the expenses are approved by the rest of the board.

The successful candidate will serve his district for four years.

CANDIDATE — Jesse Lee, candidate for a seat on the board of trustees of the Helix Irrigation District, is a retired Navy captain who has lived in Lemon Grove for 11 years. He and his wife, Odell, live at 1660 Taft street. Lee saw action in the South Pacific during War II, spending much of the war as a Japanese prisoner of war after being captured on Corregidor. Following the war he served as administrative officer for the Naval Repair Base in San Diego. He is a member of several service clubs and other organizations and also served on several committees for charity drives.

CANDIDATE — Lamont O. Brand, also seeking a seat at the election February 3 on the Helix Irrigation District's board of directors in Division Three, is a retired Civil Service employe. He will compete against Harry Griffen, incumbent, and Jesse Lee. Directors draw a $20 a day salary on days when they work for the district. Brand lives at 1565 69th street.

$700 FOR MARCH OF DIMES

Proceeds totaling $700 were turned over Wednesday of this week to the March of Dimes by Ivan McDermott, president of the Levis and Laces, square dance club. The Levis and Laces sponsored a dance January 17 at Mt. Miguel High School for the March of Dimes.

Burglars Take Juke-Box Receipts At Local Pubs

Music- lovers were discommoded this week when burglars ransacked two local saloons and concentrated their efforts on the electronic selectors of the juke-box machines, wrecking them to take out coins.

Victimized seperately, were the Spin Inn Cafe, 3645 Imperial avenue, and the Sportsman's Club, 3496 Main street. The burglaries took place Sunday between 3 and 6 a.m.

Ralph Fetters, operator of Spin Inn, estimated damage at more than $1,000 to the equipment. Only thing missing from his stock was a bottle of liquor. The bottle, partly consumed, was found in the cafe's parking lot. Entrance was gained through a back window. The cafe was also burglarized in September, 1957, when $1,300 in receipts was taken.

Fetters was on a fishing trip at Drop 2, All-American Canal, when a clean-up man, Mike Lawler, found the cafe open and the machines damaged. Sheriff's deputies contacted Fetters' relatives in Holtville and they were able to contact him almost immediately.

Mrs. Velma Rudin, who with her husband Allen, operates the Sportsman's Club, said the culprits damaged music equipment in her establishment to the tune of about $300. They also helped themselves to several bottles of beer, apparently drinking it in one of the club's booths. Entrance was made through a washroom window.

The club was burglarized in a similar fashion early last year. On the night in 1957 that Spin Inn lost $1,300, the Sportsman's Club was burglarized of a dozen cases of beer. Neither of the crimes have been solved.

No estimate was given as to the amount of money taken from the juke-boxes in the Sunday burglaries.

County Paper Suspends Publication

The Clairemont News, a weekly newspaper serving Clairemont in San Diego, suspended publication last week after a year because of insolvency.

Don James was vice president and editor. Services of the newspaper's 11 employes were terminated Friday without notice.

Other officers of the Clairemont News Inc. are David S. Hillman, president, and Mrs. Hillman, secretary-treasurer. Hillman resigned Thursday. He also publishes the Rancho Santa Fe Times.

The newspaper was first published March 19, 1958. It had 10,000 circulation when it closed.

16-Year-Old CYA Parolee Arrested In School Thefts

Sheriff's deputies last week listed 16-year-old Thomas Williams, who lives in the San Altos section of Lemon Grove, as the burglar who has been plaguing Lemon Grove school officials.

Sheriff's Investigator Don Bryan of Lemon Grove, said the youth confessed to eight area burglaries but evidence connected him with only four. He is also held on a stolen auto charge.

The youth, a California Youth Authority parolee, was apprehended Wednesday of last week when he drove into the parking area of Mt. Miguel High School near midnight. Highway Patrol Officer John Annis, who lives in Lemon Grove, and his partner were stationed at the school following burglaries at the Palm Avenue School and at the Lemon Grove Elementary School earlier in the week.

The youth sped away when Annis approached his vehcle to question him. Annis pursued him to Sweetwater and Jamacha roads where the youth abandoned the car and fled. He was captured behind a market at the intersection.

The car, a stolen one, contained burglarly tools and $31 in coins.

Deputy Bryan confronted the youth with figerprints and matching tire track evidence.

Lemon Grove Elementary School Principal Robert Sutton said his school had been burglarized four times in the past three months.

Sutton said the burglaries had produced diminishing amounts. In November the entry netted Williams $25. On New Year's night he got $4. January 5 the loot was 45 cents and on January 20 he drew a blank. He took a bank book belonging to Hal Brogan, vice principal.

BANK BOOK IS CLUE

At Palm Avenue School, Tuesday night, the only time he entered that building, he obtained $5 in change, a flashlight and a junior fireman's hat. The two burglaries were positively associated because Williams dropped Brogan's bank book from the junior high school. He also left a hacksaw blade with easily identifiable fingerprints. Principal Wiley Cornelius said the youth had cut the strap from a leather briefcase although it could have been opened easily by sliding the catch.

Bryan said the youth also confessed to having burglarized the office of Dr. Tom Lilly, the Ace Drive-In Theatre, and the Alpine and Suncrest schools. He later admitted that he was not responsible for these crimes. He said he had wanted to help the Sheriffs Department "clean the crimes off their records."

New Chamber Offices To Be Dedicated

The new office of the Lemon Grove Chamber of Commerce will be formally opened Friday, February 13, it was announced this week by Bill Parker, chamber president.

The office is located at 7350 Broadway. For the first time, the chamber boasts a paid secretary-manager. Captain Jesse E. Lee (USN ret.) was employed to take full charge of the office earlier this year. He had been associated with the chamber since the middle of last year.

He later ran for council of the proposed city of Lemon Grove in November and finished sixth. He is presently running for a seat on the board of the Helix Irrigation District.

Parker said an "open house" ceremony, to which the community will be invited, is being planned. Part of the program will include a flag-raising ceremony. Refreshments will be served.

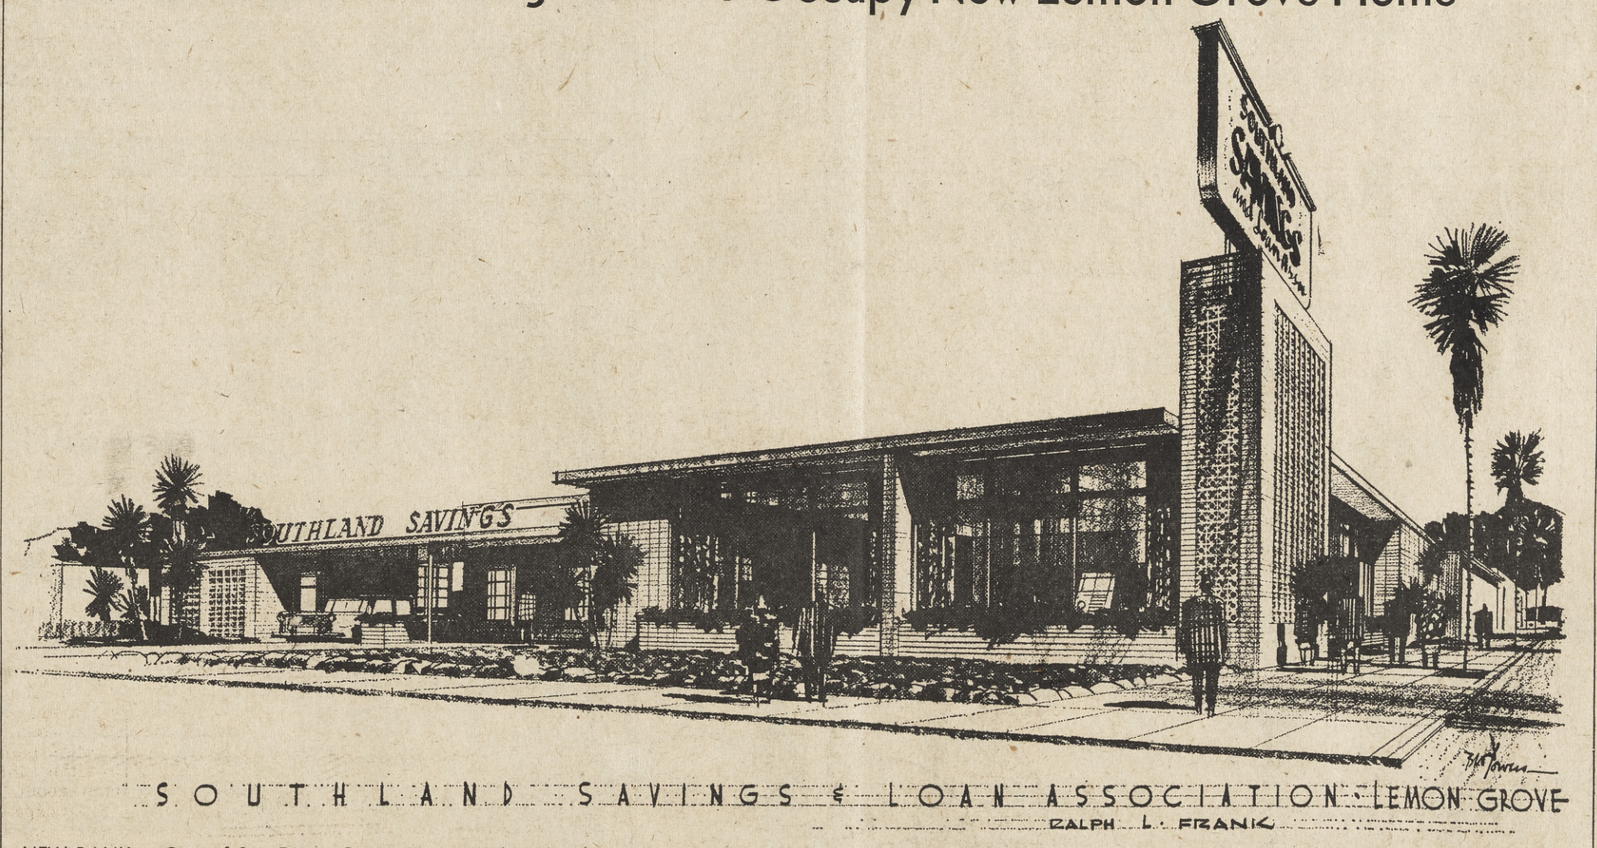

School Calendar Dates Given

The Lemon Grove school board set the school calendar for the 1959-60 year at the regular meeting Monday night.

School opens Thursday, September 10, closes Friday, June 17, providing 179 teaching days. Teachers are due to commence their labors September 2, however, when a series of workshop meetings get under way.

The Lemon Grove Elementary School District calendar lines up date for date with the La Mesa-Spring Valley, El Cajon, Lakeside and Grossmont districts' schedules.

Southland Savings Bank To Occupy New Lemon Grove Home

NEW BANK — One of San Diego County's outstanding financial buildings will be constructed on the northwest corner of Broadway and Main, the new Lemon Grove home of Southland Savings and Loan Association, John A. Davis, president, announced this week.

The building was designed and engineered by Ralph L. Frank and Greer W. Ferer who have set June 1 as the date of completion. The structure, of modern Mediterranean design, will occupy 7,000 square feet with rear parking space for 50 cars accessible through the port-cochere from the Broadway side.

According to the architect, the 30½ foot, six-inch pylon will be constructed with Granada block to create a grilled effect. It will be illuminated from within and will be planted inside with tropical, shade-loving plants in keeping with the overall landscaping. The lush setting will be fully visible through sliding glass doors on the officers deck.

Another outstanding feature will be the curving "golden" stairway leading from the lobby to the attractive mezanine. Other luxury features include a private conference room which will be available for committee meetings of civic organizations, special lobby seating, accoustical design, modern staff lunch room, and carpeting throughout the building.

Additional services will include an expanded escrow department to provide the most efficient service for the increasing needs of the area. Modern NCR accounting equipment will be installed.

Carman Ranch Club To Add Pool

SAN DIEGO (CNS)—A special use permit for expansion of the Lemon Grove Swimming Club was approved Friday by the County Planning Commission.

The permit was requested by Carman Ranch Club, owners of the swimming club and will permit installation of another pool, residences and a 2,100-foot square clubroom.

The commission held up action on the permit for two weeks, awaiting information from the club about the schedule it has set for expansion.

The improvements are to go in as follows, the commission was told Friday: the 82 by 35-foot pool is to be completed by August of this year and a 30 by 90-foot play area of sand for children is to be in by the same time.

Two tennis courts are expected to be finished in time for the 1960 season and the duplexes are to be finished in September of that year. The clubroom is to be completed a year later.

French, Swedish Students To Study At Mount Miguel

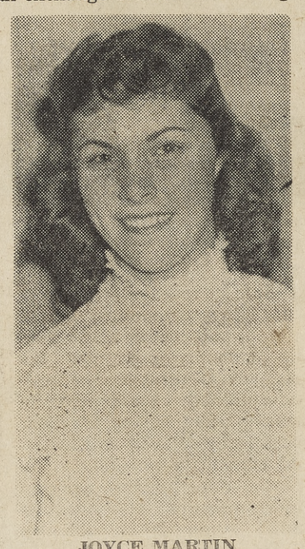

INTERNATIONAL RELATIONS GROUP—Ron Carlson, commissioner of finance; Susana Occhi, senior exchange student from Argentina, and Louetta Runge, Associated Student Body president, all of Mt. Miguel High School, discuss arrangements for an assembly by which students will select countries from which they want next year's exchange students.

Mt. Miguel High School students last week decided they wanted international exchange students from France and Sweden to study with them next year. The decision came by way of an election held at general assemblies.

This year, only one student came as part of the American Field Service program. She is Susana Occhi, daughter of a Santa Fe, Argentina dentist. Miss Occhi plans to become a medical doctor.

Joyce Martin, a Mt. Miguel junior who lives at 7630 Circle drive, Lemon Grove, was selected to represent the school as an exchange student in a foreign country next summer. The country she will go to has not been chosen.

JOYCE MARTIN

CHOOSE COUNTRIES

Six Mt. Miguel students entered the summer program competition. Each student appeared before the school assembly and gave two or three-minute talks on his reasons for wanting to represent the United States in a foreign country.

Students at an assembly last week chose France and Sweden as the emanating area for next year's exchange students. France and Sweden were selected over Germany, Italy, Switzerland and Brazil, in that order. Neither Russia or Cuba, much in the news, recently, marked in the competition.

The American Field Service program, by which students are exchanged on an international basis, is represented locally by two groups. An adult group handles the financing and takes over legal responsibility. A student group, called the International Relations Club, handles the mechanics of the selection and arranges housing and social programs. The AFS handles negotiations with foreign schools and arranges for visas, transportation and other details.

Officers of the International Relations Club at Mt. Miguel are Zena and Margaret Dail, Sherry Netzley and Nancy McCaslin.

$1,500 DONATED

Two foreign students may participate in the winter program in the 1959-60 school years, due to a contribution made by Harvey Furgatch, a builder who lives at 2219 Morose avenue in Lemon Grove. He subscribed $1,500 to the American Field Service program at Mt. Miguel. Furgatch is secretary-treasurer of the American Housing Guild.

The program has been enthusiastically supported by Mt. Miguel Principal Mel Grant who sees the basis for permanent world peace in it.

Miss Occhi, for example, he says, will make talks at service clubs and at various group meetings in her native Argentina. She will take back with her color slides to illustrate her talks. "This will give other countries a better picture of the American and his way of life," Grant said.

"We have one obstacle to overcome, however," he said. "Miss Occhi doesn't want to leave Spring Valley."

Earl W. Neeb Passes At 61

Earl W. Neeb, 61, of 3008 Main street, died Monday during surgery at Paradise Hospital. He had undergone a previous operation for lung cancer.

He is survived by his wife, Rhoda; two daughters, Mrs. June York and Mrs. Joyce Thorp, of Lemon Grove, a son, Edward of Pontiac, Michigan, and 10 grandchildren.

He was a lifetime member of the Elks Lodge in Pontiac. He was also a member of the Pontiac Masonic Lodge.

Services are being held this week on Thursday at Conrad's Lemon Grove Mortuary, followed by interment.

☆ There were more Americans killed in traffic accidents in 1937 than in 1958, reports the Auto Club.

Fireman's Father Collapses, Dies As Son Answers Alarm

Services were held Friday at Greenwood Mortuary for Mark F. Foote, 66, of 8089 Lincoln street, who collapsed and died Tuesday following a gas explosion in his home.

Jessie Canale, deputy coroner, said the man died of a heart attack.

Mr. Foote had been repairing a gas leak in the kitchen of his home when an explosion occurred, apparently set off by the motor of a refrigerator.

The man's son, Mark D., a Lemon Grove fireman on duty at the time, answered the call. He was with his father when he died.

Foote, who was alone, apparently turned off the gas at the main connection with a wrench, then called firemen after the explosion set off a fire in the house. Firemen said Foote, whose hair and hands were burned, walked from the house and was talking to firemen about the accident when he collapsed.

A resuscitator failed to revive him. Dr. Richard Daarud pronounced him dead. Fire department officials said Foote had a heart condition history.

Foote is survived by his wife, Adele; three sons, Frank of San Diego, Royal of Colorado and Mark of Lemon Grove; a daughter, Mrs. Irene Walker of Lemon Grove; six grandchildren and a brother in Minnesota.

He was a member of the Masonic Lodge at Williston, North Dakota; the Scottish Rite Bodies of San Diego, and the Al Bahr Shrine of San Diego.

Services were held at Greenwood Mortuary Friday followed by interment. Dr. Elmer Jones of the Trinity Presbyterian Church officiated.

LIONS DISTRICT GOVERNOR — C. Fred Woolpert, district governor of District 4-L-4, will pay his annual visit to the Lemon Grove Lions Club this week on Thursday.

Local Lions, and their wives, will honor the district governor and his wife who will accompany him at a dinner meeting at 7 p.m. at Michael's.

Gov. Woolpert, an Indio attorney, joined the Coachella Valley Lions Club in 1936 and served as secretary, vice president and president. He served as zone chairman under International Counselor Bob McCown; as deputy district governor under the late International Counselor Duke Paul, and as cabinet secretary under International Counselor Boyton Jones.

Many Lemon Grove and Spring Valley Lions returned last week from a District 4 convention in Las Vegas. The district represents approximately 600 clubs.

V J. Dorman is president of the local club.

PICTURE TALK

by Bob Vaught

THE HOLLYWOOD TOUCH

Next time you watch a western on TV, keep track of the way the scene of the action changes. For instance, one moment you may see a long-range view of the landscape. Then the camera will move in closer to show you the U. S. Marshal on his horse. Then it will move in closer still to catch the expression on the Marshal's face.

Long, shot. Medium shot. Close-up. Hollywood mixes up its scenes to hold your interest. Nowadays this visual variety isn't limited to a Hollywood set. Actually, any home movie-maker can create the same effects with an inexpensive Brownie Turret Movie Camera.

Bob Vaught

For example, just by turning the turret you can shoot a wide-angle shot of your children playing in the backyard. Then without budging an inch, you can close in for a medium shot by using the normal lens. For a real close-up, you just dial in your telephoto lens.

Using your turret in this way you can get a variety of shots without moving around.

Take it from us, a turret camera really makes home movies exciting. We have a Brownie Turret Camera priced at just $59.50, and we'd like nothing better than to show it to you. Why not drop in for a demonstration first chance you get?

Grossmont, Escondido Whip Matadors At Home, Away

by BILL OTT

The Mt. Miguel Matadors basketball team dropped two games last week, losing to the Grossmont Foothillers 54-43 on the Grossmont floor and then dropping a well played game to the league leaders, the Escondido Cougars, 73-54 on the Mt. Miguel floor.

The Matadors defense could not stop 6'5" center Jerry Halterman, who poured in 24 points for the Foothillers. Halterman is also the leading scorer in the Metro Loop. High scorers for the Matadors were Jeff Cox with 14 points and John Conlee with 10 points. Aiding Halterman in the Grossmont scoring column was sophomore guard Steve Welch with 14 points.

Score by quarters:

Grossmont ..	12	15	13	14	54
Mt. Miguel ..	6	5	10	22	43

Mt. Miguel played good offensive ball Friday night but was hurt by personal fouls throughout the game. The Miguel five was down only three points at the half, 37-34, but slowed down the second half to score only 20 points. The Matadors' defense held the Thurlow brothers, Steve and Toby, to 22 points for the evening. The Thurlows scored 50 points, between them, against their opponents earlier in the week before invading the Miguel gym. Leading the Cougars were John Powell, who pumped in 16 points, and Bing Howe, who scored 15 points. Jeff Cox hit 14 points and Wayne Stephens, who returned to action last night after being out for two weeks with a back ailment, scored 13 counters for the losers. There was a "fullhouse" crowd at the Miguel gym to see the two teams tangle.

Third Barrel Only Partial Water Solution—Griffen

The third barrel, through which more water can be brought into San Diego County by summer of 1960, shouldn't lull users into a false sense of security, Harry Griffen, Helix Irrigation District board member told the Lemon Grove Men's Club Friday.

"We're using water that doesn't belong to us," Griffen said. "We're using part of the entitlement of the Greater Los Angeles area."

Griffen explained that water users within the Metropolitan Authority area were given allotments based on assessed valuation within the individual districts. The County Water Authority was annexed to the Metropolitan District on that basis. The annexation was mandatory for the County Authority to meet the growing needs of San Diego county.

The County Authority is using 30 percent of Metro's entitlement. It is eligible for only 10 percent. Metro, Griffen said, will permit this only as long as she doesn't need the water for the Greater Los Angeles area where Metro was originally formed.

The water problem is a result of a lack of agreement between the north part of the state, and the south. He described the dividing line as the Tahachapi Mountains. A compromise is essential between the two sections if the San Diego area is to survive, he pointed out. The main problem results from the north's reluctance to assure enough water to fill the south's needs for eternity. It fears, he said, that the north may give up water it will need eventually.

A possible solution would be to make the state responsible for distribution of state's water to the areas where it is needed.

"If nothing is done, two of the three barrels will be dry in nine years," he said.

"Surveys show the Metropolitan will need all of its entitlement within nine years," Griffen said. "County will be cut back two-thirds and Helix will be cut back two thirds."

"We will have three barrels coming into the county but will be able to use the capacity of only one," he added.

Griffen said Feather River water is scheduled to be piped into the county in 13 years. Metro will call for its full entitlement in nine years.

"We could have four dry years unless a solution to this problem is found," he warned.

On the local front, Griffen said problems of larger pipelines to keep up with the growth in the district and a $5 million filtration plant urged by the County Health Department, holds the Helix board's attention. Consideration is also being given to a terminal storage facility capable of holding 15,000 acre feet of water. Cost of the latter is one to two million dollars.

Lack of storage causes the district to strain the capacity of the barrels during summer months, then call for only a fraction of capacity during the winter months.

Griffen is seeking reelection to the Helix Irrigation Distrct board in an election to be held February 3. Also running are Jesse E. Lee, secretary- manager of the Lemon Grove Chamber of Commerce and Lamont Brand, a retired civil service employe.

Lee and Brand will speak at the Men's Club this week.

Only six World War I veterans attended the second meeting of Veterans of World War I at Spring Valley Chamber of Commerce January 19. All six joined the organization. Four more are needed to obtain a charter for this area and to form a barracks chapter.

The next meeting will be held February 2 at 7:30 p.m. at the same meeting place. All World War I veterans not affiliated with the San Diego barracks are welcome. For further information, call Bill Doughman at HO 6-2112.

800 Attend Dinner For Sports Stars

The St. Augustine High School sponsored fifth annual Appreciation Night dinner held at the U. S. Grant Hotel January 22 for the coaches and administrators of the high schools in the San Diego area and for the purpose of naming the "Coach of the Year," was a huge success with over 800 persons attending.

San Diego Vice-Mayor Justin Evenson presented Woody Hayes, Ohio State coach; Solly Hemus, St Louis Cardinals manager, and Rev. James A. Donnellon, Villanova University president, with a gold key to the city of San Diego. Hemus was also presented with a plaque from Rev. John R. Aherne for being elected to the St. Augustine Hall of Fame.

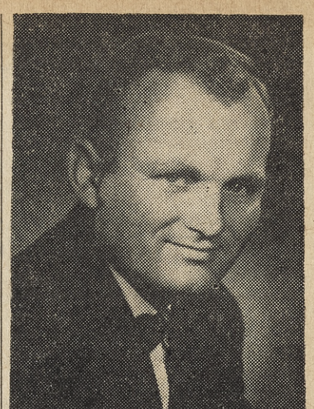

Speakers of the evening were Hayes, Archie Moore, and Rev. Donnellon.

The "Coach of the Year" award was won by Coach Glenn Forsythe of Ramona High School for coaching his team to an 11-0 season record and taking the C.I.F. class A, small schools championship. Norman Foster was master of ceremonies for the evening.

Joining the bank in 1950, Zick has served in the real estate loan department, new accounts department and as trust operations and investment portfolio manager. Zick is also on the board of trustees of the First Congregational Church of Lemon Grove.

REHEARSALS NOT NEEDED FOR FLAMENCO DANCERS

Ordinary ballet companies must rehearse from two to four hours a day while on tour, but a Spanish dance troupe does not need to, according to the art's greatest exponent, Jose Greco, who will be presented by Impresario Mary Bran in two San Diego performances in Russ Auditorium at 8:30 Saturday night and 2:30 Sunday

"Flamencos are classics of ritual severity," Greco explains. "All our dancers have been rehearsing them for style—by imitation of the great—as long as they've been alive. Every dancer in the troupe knows them intimately."

Square Dance News . . .

COUNTRY COUSINS

After their January 17 dance, the Country Cousins, with caller George Vagtborg, attended the March of Dimes dance in Lemon Grove, sponsored by the Levis and Laces. There were nearly 90 squares in all. One of the highlights of the evening was an exhibition dance by Gladys Rongey's group of youngsters. Leading the group were two youngsters, three and five years of age. The group did a lively square dance and then a "Trudy" round dance.

Another interesting highlight was an exhibition square dance on skates, presented by the Square Eighters.

Later in the evening four men danced, using brooms as partners.

PROMENADERS

The Promenaders promoted their beginners' square dance class January 20. The building was filled to capacity, it was reported. A cake, decorated by June Payne, depicted the three steps necessary to become a graduate square dancer. Seven couples from the club modeled appropriate square dance dress.

The intermediate class, with Frank Dyson as instructor, began Tuesday night of this week. The class will be held open for registration for three weeks.

Wednesday night of this week is party night, with live music, guest callers and guest clubs. A prize will be given away.

Frank Dyson was club caller at the January 21 dance. He was assisted by guest callers Al Rider, Ron East and Del Lake.

MERRY WHIRLERS

A beginners' class, under the sponsorship of the Merry Whirlers, will graduate to intermediates Friday. A fashion show will be given by the graduating class. Models will show the latest square dance wear.

A new intermediate class will be sarted on the same date. Ron East is caller.

CALICO TWIRLERS

The Calico Twirlers held a potluck dinner and election of officers January 15 at the Chamber of Commerce hall in Spring Valley. Elected were: president, Jim Harrington; recording secretary, Dee Ferguson; treasurer, Yola Branchini; corresponding secretary, Betty Carpenter; refreshments, Betty Heitz; senior representatives to San Diego Square Dance Association, Myra and Bill Coutoure, and junior representatives, Eleanor and Howard Harris.

The Twirlers and their guests danced to the calling of Johnny Sauer after the the elections and dinner. The Twirlers are holding a special dance January 31 at the Chamber of Commerce hall in honor of the Square Knots from Pacoima, California, who are driving 130 miles to dance with the Twirlers and get their Knothead pins. Rehash For LG Chamber Shows Timing, Taxes Beat Incorporation

It was exactly as the head of the community relations firm hired to handle the incorporation of Lemon Grove reported Thursday at a special Chamber of Commerce meeting.

Said John Johnston, who directed the activity of the chamber sponsored bid for forming Lemon Grove into a sixth class city: "The operation was a success, but the patient died."

The proposal to incorporate failed November 25 by a vote of 2,783 to 2,301. It was the second defeat for the same issue. In 1955 the bid failed by 2,180 to 1,607.

He told the board of directors, which raised more than $20,000 to finance the eight-months long campaign, that his firm "shot" for 2,300 votes. They got 2,301. "We estimated a 50 percent turnout of voters but our campaign produced 59.8 percent at the polls," he said.

These were necessary elements for a successful election "but unforseeable events changed the picture," he said.

TAX FEAR BLAMED

The campaign was too long, Johnston said. "We were forced to move into the campaign almost two months early because of threatened annexations by San Diego," he said.

Johnston said fear of higher taxes, lack of community identification, the election falling directly after county tax bills had been distributed, the recent reassessment of the area and the subsequent higher tax bills were some of the other reasons why the proposal was defeated.

He said fear of higher taxes accounted for 41 percent of the "no" votes. Other "no" reasons were listed as: outsiders handling the election, 16 percent; didn't believe literature, 12 percent; wanted to stay as county area, 6 percent; didn't have enough information, 4 percent; annoyed by telephone campaigning, 3 percent; and no comment, 12 percent.

The information was collected a week after the election by a team of interviewers for State College, under the direction of Richard Kahanek, field director for J. M. Johnson and Associates.

POLL ACCURACY CLAIMED

Kahenek went through the poll step-by-step for the directors. He said more than half of the population has lived in Lemon Grove less than three years. This unusually high percentage of newcomers indicated they "have no interest here yet. They don't feel as though they belong," he said.

The after-election poll is accurate, Kahanek said. The survey showed 46.8 percent of the voters said "yes." Actually, 46.6 percent voted "yes."

When the 54 percent group who voted "no" because of fear of higher taxes were asked what they thought caused county taxes to be increased they said: no idea, 43 percent; schools, 20 percent; bonds, 8 percent; and road improvements, 7 percent.

Reasons given to pollsters for election failure included: campaign one-sided, last minute opposition publicity, city government not beneficial, fear of political control, insufficient industry to carry the tax burden, fear that children would be transferred to other schools and fear that parking meters would be installed.

Other information revealed by the poll showed that 92 percent of the voters own their own homes and that 54 percent were members of some organization of which 70 percent belonged to various PTAs.

The study showed that the LEMON GROVE REVIEW was read by 58 percent of the voters; The San Diego TRIBUNE, 54 percent; the San Diego UNION by 48 percent.

ERRORS ADMITTED

Finally, in answer to the question "What do you think the community will eventually be?" the answers given were: it will remain as it is, 47 percent; it will annex to another city, 27 percent; it will incorporate eventually, 11 percent, and no idea, 13.6 percent.

Johnston admitted errors in reading a pre-election poll which predicted overwhelming success. He said his organization had assumed a higher percentage of the undecided voters would be converted into "yes" votes.

He also said proponents had not put enough labor into the issue.

While the chamber raised approximately $20,000 to cover the cost of the election and Johnston's $1,000 a month, plus expenses fee, a deficit of more than $2,500 existed when the election was over.

George A Scott, a San Diego department store executive who is a board member of the Chamber of Commerce, picked up the tab on the entire deficit.

Secretary To Retire Soon

Mrs. Irma L. Sears, Grossmont Union High School District board of trustees secretary, has informed the board she is retiring. Her resignation will take effect April 30. She has been with the district for 21 years; 18 years as trustees secretary. Her first three years were spent as secretary to the former Grossmont high school principal, Carl Quicksall.

Mrs. Sears came to San Diego County from Chicago and soon after spent three years as secretary of the La Mesa Scout newspaper, then owned by Raynor DeBurn, O. C. Smith and his son, Preston. She resigned as secretary of the Scout to accept the position at Grossmont High. She has seen the Grossmont high school district grow from 600 enrolled in 1938 to over 8,000 at present. Grossmont High School was the only high school in the area in 1938. Now there are four, another under construction and three more being planned.

CANADA TRIP PLANNED

Mrs. Sears' plans for the future are "to have fun," she said.

She intends to make a trip to Canada in the spring to visit friends. When school lets out in June she will acompany her daughter, Mrs. Donald R. Hollis of Spring Valley (and children), to New York. Mrs. Hollis' husband is a commercial pilot in the eastern metropolis.

Mrs. Sears will return to her home at 4530 Date street, La Mesa.

MORE EQUIPMENT—Another linecasting machine was delivered to the publishing office of this newspaper last week when the Homeland Publishing Company, 7834 Lester Avenue, Lemon Grove, took delivery on a model F-4 Intertype. The machine is similar to another of the same manufacture which was installed by the publication two years ago. At a rate of 8 lines of type a minute the linecaster converts molten metal into hard metal slugs by pumping the molten metal against matrices which are dropped from a magazine. The matrices are then distributed into the magazine again for use over and over again. The metal, once used, is remelted and cast into pigs for reuse.

Dr. Swenson Named Area Chairman For Children's Dental Health Week

Dr. Robert Swenson, Lemon Grove dentist, with offices at the corner of Pacific and Olive, will serve as Lemon Grove-Spring Valley chairman for the observance in this area of National Children's Dental Health Week, February 8-14.

The dental week, which is sponsored nationally by the American Dental Association, will serve this year as a kick-off for the Centennial celebration of the A.D.A. The Children's Dental Health Week is sponsored locally by the San Diego County Dental Society.

Dr. Swenson said yesterday that dentists have sponsored the annual event as a means of reminding parents that tooth decay, which is one of the most widespread diseases of our time, can be prevented.

This year, he said, the San Diego County Dental Society is offering parent groups speakers on how to train children in sound dental health habits and other related topics.

Local dentists are also working closely with the schools, Dr. Swenson said, to find the most effective ways of telling children the things they should know about their teeth.

"Our dentists hope that by reaching children through the schools as well as through their parents we can start them out right," Dr. Swenson said. "If they learn at an early age to take proper care of their teeth, they may avoid the many serious dental problems that come with tooth decay."

Little League Tryouts Saturday

Weekly clinics for coaches and managers are being conducted. For time and place consult Al Burke at HO 9-6592 or Carmine Ursillo at HO 9-2395.

Dinner Prize In Soroptimists Member Drive

The "Reds" of the Lemon Grove Soroptimist Club entertained their sister "Greens" at Leewood Trailer Park club rooms Thursday night last week.

The "Reds" had lost a four-month attendance contest and were required to give the dinner as the penalty. Both winners and losers brought along their husbands. Games were played after the dinner.

The next meeting of the club will be held Tuesday at 7:45 a.m. at the Dinner Bell Cafe. There will be a business meeting and a program presented by President Beatrice Garber.

☆ The "lane-straddler" is a major cause of driver annoyance, points out the Auto Club. Lane markings are on the road for a definite purpose and the good driver always uses the right-hand lane unless passing.

Entertainment Due Youth Week

"New Horizons" is the theme for the annual Youth Week, February 1 through February 8, at Skyline Wesleyan Methodist Church, Assistant Pastor Derric Johnson announced today. There will be services nightly at 7 o'clock with the exception of Monday when there is no service.

The coming of Jesus into the world was the world's greatest event. Long was He sought for by the multitudes and when He came He was accepted by some and rejected by others. Those who came singing of "Peace on Earth, Good Will Toward Men" and others bringing their gifts of Gold, Frankincense and Myrrh have been long remembered while others who rejected Him have remained silent and have become anonymous.

HID Counsel Renamed Attorney For State Water Commission

William H. Jennings, 59, attorney for the Helix Irrigation District, has been reappointed to the California Water Commission by Governor Brown.

Jennings' appointment requires state Senate confirmation. The term would run until January 15, 1962.

Jennings is also chairman of the state water policy committee of the California Irrigation Districts Association and general counsel of the San Diego County Water Authority.

New Engineering Degrees Being Offered At State

San Diego State College has received authorization from the California State Board of Education to offer a Master of Science degree in mechanical engineering, President Malcolm A. Love has announced.

He said the development was the latest in a series of expansions in mathematics, engineering and science that started at San Diego State "long before the sputniks."

Three Lemon Grove residents are members of the San Diego State engineering division faculty. They are Frank B. Finney, 2369 Cypress ave.; Chester R. Lodge, 1903 Madera; and Richard L. Mann, 1628 Woodrow avenue.

In Spring Valley, Charles Morgan, 3733 Fenwick drive, is a member.

Love stated the new program is expected to ease the rising demand throughout the San Diego area for engineers with graduate degrees. The board's action will permit local engineers to meet all requirements for a graduate degree on the San Diego State campus.

Love said applications for admission may be made immediately. He added that some required courses will be offered in the spring semester, beginning February 9; others will be added to the curriculum in the fall.

NEW STORE—Mr. and Mrs. Ray Purtee are shown in their new shoe store which they recently opened. The store, located at 7741 Pacific street, in the new building also occupied by the Lemon Grove Library, features a patio theme, using woven mats on the floor, hidden shelving covered with bambo reed and exotic plants. A play area is provided for youngsters while they await their turn to be fitted with new shoes. The Purtees have 40 years of experience, between them, in the shoe business.

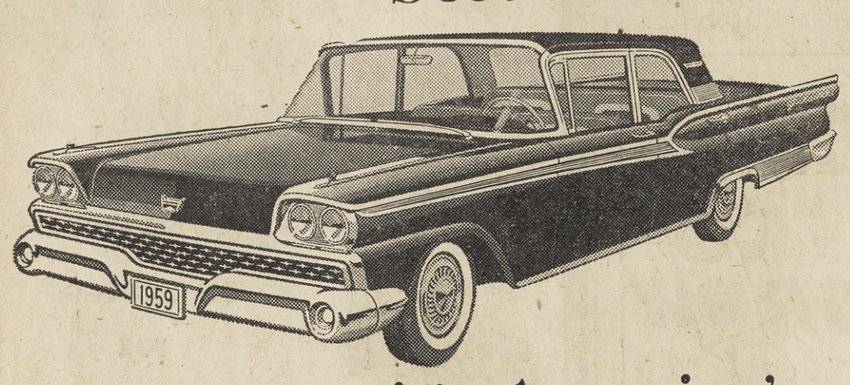

SD Juvenile Traffic Citations Standardized By Probation Dept.

A standard juvenile traffic citation form has been developed by the County Probation Department in cooperation with police chiefs of the 10 incorporated cities in the county of San Diego. Books of this form have been distributed to all the 10 police departments and will be used by them in citing juvenile traffic violators to Juvenile Traffic Court. This form is similar to the standard traffic citation, but provides additional information, including the age and physical description of the violator, the school attended or the employer, and the name and address of parents.

Information on the reverse side of the violator's copy instructs him to appear at the Juvenile Court, traffic division, room 308, 1017 First avenue, the Harbor Insurance building, San Diego. It also provides a certificate to be completed prior to appearance to show that defective or missing vehicle equipment such as lights and brakes have been corrected prior to the court appearance.

The additional information provided the court and the specific instructions to the violator are expected to simplify the processing of juvenile traffic violators and avoid confusion.

Motor Vehicle Department Reminds Motorists To Obtain Licenses Early

Crowd warnings were posted this week by Department of Motor Vehicles officials, advising all California motorists to apply promptly for their 1959 registration cards and silver-white rear plate stickers before the final rush is on.

Robert McCarthy, state director of motor vehicles, said in Sacramento, "The rate of renewal applications coming in has fallen well behind last year, in spite of a fast start. The lag is evident in the department's field offices and also in the 145 temporary bank stations accommodating motorists needing simple renewals only. The department is anxious to give the service required with the maximum of convenience to the motoring public. We are keeping department offices open Saturday morning, January 31, to give extra service."

"The processing of registration applications is faster and smoother than ever before," McCarthy said. "Motorists are asked to bring the complete registration statement with them to the renewal office of their choice. Those who have not received a statement card may bring the 1958 registration stub with them."

Any applications mailed to Department of Motor Vehicles, Sacramento, must bear a date stamp of February 4 or earlier to avoid penalties.

Department officials said the new white stickers for 1959 are to be placed on the rear plate covering the expired 1958 green sticker. They also reminded motorists all vehicles except trailers and motorcycles are required to retain the front plate of the 1956 issue in place on the car.
